

PASSION FOR PAINTERS since 1925  
100 Years of Future

**PASSION  
FOR  
PAINTERS**

## **IT ONLY COMES ONCE EVERY 100 YEARS.**

Fall 2025, we celebrate a very special anniversary: exactly 100 years ago, our first spray gun was launched. This marked the beginning of SATA's history as a manufacturer of premium spray guns.

This special anniversary calls for a celebration – with a special edition of our current top model. We are happy to introduce: the jet X 100 Years Edition.

The jet X 100 Years Edition is a limited release: a spray gun that honors the past while looking boldly toward the future. A unique fusion of tradition and innovation.

Don't miss out – this opportunity only comes around once in a century!

The surface of the jet X 100 Years Edition features the original technical drawing of our very first spray gun – the No. 1. While its design pays tribute to the past, technically it is ahead of its time. The jet X combines all the advantages that made this spray gun an absolute success shortly after its launch: outstanding performance in both base and clear coats, the removable trigger, and the digital unit adam X pro.

## THE NO. 1 ON OUR NUMBER ONE.

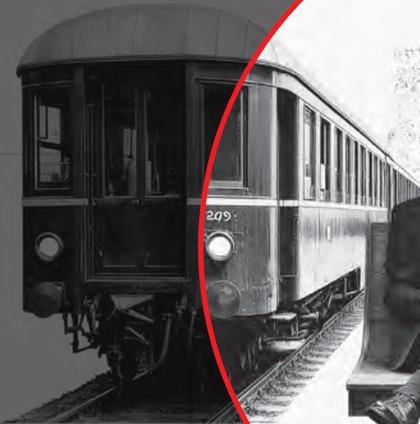

Image shows model with optional equipment

**WE'RE PROUDLY LOOKING  
BACK ON 100 YEARS OF  
PRODUCT HISTORY. JUST  
THIS ONCE.**

We usually prefer to look ahead. But for a change, let's take a moment to glance into the past.

Back in 1925, our company was still known as "Sanitaria" and focused on producing medical products – including syringes and nebulizers. During a train journey, a member of our management team happened to meet another mid-sized entrepreneur – a paint manufacturer. He mentioned that he was searching for suitable tools to apply his new sprayable paints. Thanks to our expertise in atomization of liquid materials, Sanitaria was able to help. This collaboration gave birth to the company's very first spray gun. The rest is a 100-year history.

## THREE TIMES 100 FOR A PERFECT FINISH!

Complete your 100-Year collection now!  
The SATAminiJet 4400 B and the SATAjet 100 B are also available in the 100 Years anniversary design.
